

TABLE OF CONTENT

Growth and root formation in the microshoots of three basilis cultured in vitro on different types and patterns of electrospun nanofibre mats

Kitti Bodhipadma, Sompoch Noichinda, Pussadee Chalermwanitkul, Noppavan Chanunpanich and David W.M. Leung.....1

Parameter estimation methods for the Marshall-Olkin Power Lomax distribution and its applications

Areeya Sudsuk and Darika Yamrubboon.....10

Extreme Value Modeling of Daily Maximum Temperature with the r-Largest Order Statistics

Piyapatr Busababodhin, Monchaya Chiangpradit, Nipada papukdee, Jiraphon ruechairam, Kettida suanthaisong and Pannarat Guayjarernpanishk.....28

Sustainable mortar and concrete made from palm oil boiler clinker aggregate comprising rice husk ash and calcium bentonite: Compressive strength and durability assessment

Kamolchanok Kueaket and Danupon Tonnayopas.....39

Electricity Consumption Behavior Analysis: A case study Provincial Electricity Authority, Region 2, (Central Thailand) Chon Buri Province

Sittipong Dantrakul, Chanidda Nailoed and Natcha Jongjaihan.....56

An analysis of the effectiveness of the government policy program for assisting farmers in non-performing loan from participation in the moratorium project on rice in the year 2016/17

Supachok Jantima, Kulisara Toedprisan, Teerapataravee Suppasinsiriwattana and Wikanda Phaphan.....66

Comparison of the structural properties of a-C:H films prepared by pulsed and continuous RF

Wanwisa Butcharee, Artit Chingsungnoen, Ukit Rittihong and Sarayut Tunmee.....88

Comparison of general cyanoacrylate and Sirchie cyanoacrylate for latent fingerprint on non-porous surfaces by cyanosafe fuming chamber with Airsafe controller

Pratthana Phanthong, Pairoa Praihirunkit, Suchada Jirasirisuk and Sunisa Aobaom.....104

Effect of vacuum and relaxation times on the quality of rice fortified with herbal plant extracts by vacuum impregnation technique

Hathaitip Rongkom, Katekan Dajanta, Utaiwan Chattong and Songpan Sungsub.....118

TABLE OF CONTENT (cont.)

Effect of soybean preparation methods on physicochemical and sensory properties of soy milk and effect of drying temperatures and maltodextrin concentrations on quality of spray-dried soy milk powder Suthida Akkarachaneeyakorn, Sirikul Nititanatorn and Sirikorn Likhitwanichakul.....	137
Monthly rainfall amount forecasting of Buriram province by transfer function method. Jenjira Mongkolmuang, Sasithon Pitsapol and Chalermwut Comemuang.....	154
